I am amending the contribution balance shown in Number 18(5) from \$12,871.99 to \$13,882.66. This error was caused by the inadvertent deduction of two expenditures on two separate occasions. The following amounts were already previously deducted and need to be added back into the contribution amount:

\$243.00 to Inavar; and

\$742.50 to Inavar.

In addition a clerical error of \$25.17 was also discovered which needs to be added back into the total contribution number. Therefore the total political contribution maintained as of May 6, 2011 is \$13,882.66.
