**Dear Team, Eco Enthusiasts, Environmental Friends,**

[Online Reporting](#) & Green Team [Website](#) are now live! Both sites were designed to streamline member reporting and member promotion. If you are interested in sending feedback or helping to fill out some space on the front page with your company's green story, please [contact me](#).

There will be a lot happening over the next couple of weeks. You can find out more by reading the newsletter.

Of special significance is the Energy Efficiency Action Plan Workshop scheduled for Thursday February 10<sup>th</sup>, 7:30am. Green Team Member input would help guide the focus of future energy efficiency and renewable energy projects. Come see where the City currently is, and help us decide where it should go. Comments will also be elicited from the community at large, but in the evening of the same day. If you can't make the morning, business session, please feel free to attend the evening community session.

The morning meeting is open to member organizations, but also potential member organizations. Membership in the program is not required. Breakfast will be provided for those in attendance.

Tim Yatko  
Commercial Sustainability Coordinator  
City of Arlington
